

Summer High Adventure Trip 2007 - August 1st – 5th

Deposit \$25.00 due Monday April 23rd

Cave Exploring at Maquoketa Caves State Park in Iowa
Open to all registered scouts of Troop 294

Its caves, limestone formations and rugged bluffs provide visitors a chance to "step back" into geological time thousands of years. The parks' 16 caves vary from the 1,100' Dancehall Cave with walkways and lighting system to Dugout Cave. The remaining caves are all different sizes and shapes. Some can be explored by walking while others can best be seen by crawling. In any case, a flashlight and old clothes and shoes needed. A trail system connects all 16 caves throughout the park. Trail highlights include the dramatic "Natural Bridge" which stands nearly 50 feet above Raccoon Creek and the 17-ton "Balanced Rock".

Connie Evans will be leading this trip and the cost will be around \$70.00 per person. A \$25.00 deposit is due by April 28th. We need more adults to go and be chaperones.
